TO/  
DR. MARGARET HARTLEY,

I AM WRITING IN RESPONSE TO MULTIPLE CHEMICAL SENSITIVITY DRAFT REVIEW REPORT. I AM VERY DISAPPOINTED AND DISGUSTED IN THE FINDINGS OF THIS DRAFT AS A LOT OF PEOPLE'S LIVES ARE AT RISK, IT IS AN INSULT. ONCE YOU ARE POISONED BY CHEMICALS, YOUR QUALITY OF LIFE IS NEVER THE SAME.

THIS DATA YOU HAVE PROVIDED IS OLD AND OUTDATED AND HAS ALREADY BEEN DISCREDITED. THE TESTS THAT WERE DONE WERE NOT DONE THE PROPER WAY.

THIS IS NOT A MENTAL ILLNESS. (MCS)

BY YOUR REPORT, THIS ILLNESS HAS BEEN AROUND FOR OVER A CENTURY, AND YET THE MEDICAL PROFESSION AND CHEMICAL ASSOCIATION CAN NOT GET IT RIGHT, THEY HAVEN'T GOT A CONSCIENCE.

IF THIS IS NOT DEALT WITH, MORE PEOPLE WILL GET SICK.

OUR HOSPITALS ARE FULL OF SICK PEOPLE, AND OUR HEALTH SYSTEM IS IN CRISIS.

PEOPLE WHO HAVE BEEN POISONED BY CHEMICALS DESERVE THE RESPECT, RECOGNITION, AND PROPER MEDICAL CARE.

YOU RECOGNISE ASBESTOS DISEASE, IT IS A CHEMICAL, SO WHY CAN'T YOU ACCEPT PEOPLE BEING POISONED BY CHEMICALS (MCS).

IF THIS ~~DRAFT~~ ON MCS IS NOT TAKEN INFORMATION

SERIOUSLY, THE CONSEQUENCE WILL  
BE DEVASTATING

YOURS, SINCERELY
