Dr. Michael Bollen,  
MCS Report,  
NICNAS,  
PO Box 58,  
SYDNEY, NSW. 2001.

Dear Michael,

Thank you for your letter of the 3<sup>rd</sup> March, 2010 regarding the Multiple Chemical Sensitivity Report.

I appreciated the opportunity to read this report and am very happy with it. I see no reason to change it and from my point of view it lays out the facts and issues very well. I congratulate you and your team for such a comprehensive report.

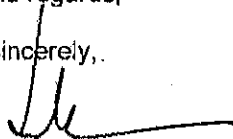

In response to your reasons for writing to me I respond as follows:

1. I have no further comments to make on the latest draft of the report.
2. I am very willing to have my name disclosed as a participant of the clinical workshop. I am firmly of the view that participants in any review exercise should be named and not to make comments under the cloak of anonymity.

I look forward to catching up with you in due course.

With kind regards,

Yours sincerely,

JONATHAN G.W. BURDON
