Applications for Secondary Notification Assessment of Lanthanum Modified Clay

Lanthanum Modified Clay, previously assessed by NICNAS as a new industrial chemical (NA/899), is undergoing a secondary notification assessment by NICNAS, in accordance with section 65(1) *Industrial Chemicals (Notification and Assessment) Act, 1989*. Anyone who wishes to import or manufacture this chemical, or products/mixtures containing the chemical in Australia during the period that it is undergoing secondary notification assessment must apply in writing using the application form for secondary notification of an existing chemical. There are no application fees.

The application form (Form 1A – SN) is available from
http://www.nicnas.gov.au/Forms/Existing_Chemicals.asp

The notice that Lanthanum Modified Clay is subject to secondary notification was published in the *Chemical Gazette* in August 2007. The following company has submitted an application for its assessment. The list is current as of September 14, 2007:

Phoslock Pty Ltd.
