## **APPLICANTS FOR HEXABROMOCYCLODODECANE PEC ASSESSMENT**

Hexabromocyclododecane (CAS No. 25637-99-4 & 3194-55-6) was declared a Priority Existing Chemical (PEC) by the Minister for Health and Ageing on the 7th June 2005 for full risk assessment. In accordance with the *Industrial Chemicals (Notification and Assessment) Act 1989*, as amended, all those who wish to manufacture or import hexabromocyclododecane during the period that it is a PEC must apply in writing using the PEC Application Form. Importers of products/mixtures containing hexabromocyclododecane must also apply for assessment. Persons other than importers or manufacturers may also apply. There are no application fees, however, there is a penalty for manufacturing or importing a PEC without applying for assessment of the chemical.

Application forms are available at:
